### October Bad Month for Weed Flavors

Dairymen are reminded by Alberta's Dairy Commissioner, D. H. McCallum, that it is impossible to manufacture top quality butter from milk or cream that has been tainted by weed flavors. This undergrade butter sells at a considerable discount and most consumers would rather depend on substitutes than use doubtful butter. Stubble fields are providing a considerable amount of good pasture this fall and as the milk cows are turned into these fields the danger from tainted milk increases.

To help eliminate lost grades and reduced income on cream shipments, Mr. McCallum urges burning of all screenings from around threshing machine settings before turning milk cows into the field. Another safeguard is to remove cows from all weed infested fields 4 to 5 hours before milking. The longer the interval the less will be the possibility of tainted milk.

Milk each cow into an empty pail and determine by taste or smell if any of the cows are giving tainted milk. Such milk can be separated and collected in a different container and fed to livestock. In the case of stinkweed, some producers say they can readily detect it on the breath of the cows as they are being tied in the stanchions.

Check carefully the flavor of each individual separation before adding to the shipping can. Often only the cream from the night's milk may be tainted, and this can be marketed in another shipping can.

### Feed Lots and Weed Control

Those feeding livestock this winter are advised by G. R. Sterling, Supervisor of Soil Conservation and Weed Control, to pay strict attention to the regulations on the feeding screenings as set out in the Noxious Weeds Act. This section provides that no screenings shall be used as feed for livestock, unless used within an enclosure which shall be subject to the approval of a weed inspector.

Construct a suitable shelter now before the ground freezes. The feed lot should provide ample accommodation for the cattle, but should be small enough to confine them so that they are not scattering weed seeds over a large area. An adequate place for storage of screenings should also be provided to prevent blowing and scattering of the weeds. In a strong wind, weed seeds can travel for miles in the winter over the smooth snow surface. Feed troughs placed in a sheltered spot will also help to eliminate this danger.

Plan the feed lot so that the manure can be readily piled in the spring and left in the pile for the weed seeds to rot before scattering the manure on the land.

Canada has made great strides in duck conservation but sportsmen say the real battle to save these birds lies ahead.

## October Meeting Town Council

### Proposed Propane Franchise Now Before Public Utilities

At the regular October meeting of the Town Council Edgar Robinson of the Midway Propane Co. interviewed the council and placed before them the proposed franchise agreement by which Midway Propane would be given permission to supply the town residents with propane gas through an underground distribution system.

The franchise agreement is now before the Public Utilities Commissioner for approval. Pending word from the Public Utilities Board, By-law No. 252, lowering the franchise agreement, was introduced and given first reading. If the scheme is approved by the Public Utilities Board, it will go to the ratepayers for approval, with a two-thirds majority required.

### Zoning By-law

Further changes in the draft of the proposed Zoning By-law were approved by the council and it will be forwarded to the Town Planning Director for final approval before being advertised.

### To Guard Against Rats

In co-operation with the Department of Agriculture's efforts to prevent rats from gaining a foothold in Alberta, the council appointed V. P. Schuler as Inspector for the extermination of rats which might appear in the town.

### Traffic Regulations

It was decided that the Fire and Police Committees would meet for the purpose of discussing parking and traffic regulations within the town and would present to the council their suggestions in this matter.

### Building Permits

Stanley Scales was granted permission to move a 20 x 80 ft. quonset building to Lots 7-11, with the proviso that the front of the building be in keeping with the appearance of other buildings on the street.

Permits for construction of porches were granted E. A. Woodman and G. C. Collier.

### Airport Fires

Following enquiries from the Department of Transport, the secretary was instructed to advise the Department that the Town was willing to send members of its volunteer fire fighting brigade to assist in the event of a fire breaking out at the airport. The Town could not guarantee to send more than six men to any fire, and the Department must see that such men are fully protected by insurance and proper remuneration made for practices and fire fighting.

### Special Electricity Rate

Don Buehler, local manager of Calgary Power Ltd., attended the meeting and advised the council that effective Sept. 1, 1950, a rate of 1 cent per kilowatt hour would be charged on consumption over 400 k.w.h. in those places where a hot water heater is connected. This lower rate will result in a saving to those consumers affected.

## Scout Auxiliary Widens Scope

Twenty-five mothers of Scouts, Guides and Brownies met with the leaders of the Guides and Brownies in the Armouries Monday evening, when it was decided to widen the scope of the Scout and Cub Mothers' Auxiliary to include the mothers of the Guides and Brownies. Thus, one Auxiliary to function for both boys and girls, and extra officers were added to last year's slate: Mrs. A. G. Saxby, president; Mrs. H. Roebuck, secretary; Mrs. H. Spaeth, badge secretary; and Mrs. A. Collier, Guide treasurer.

It is expected the first special gathering will take place shortly, when leaders from High River and Claresholm will visit Vulcan with some of their Guides and Brownies to demonstrate and explain to the local girls and their mothers the ideals and aims of Guide and Brownie work.

## F.U.A. Convention At High River

District 12 (MacLeod) Farmers' Union of Alberta will hold its second annual convention in the Memorial Centre at High River on October 27. Registration will begin at 9.00 a.m. and the official opening to be at 9.30 a.m.

The morning session will hear reports from District Officers Mr. Geo. E. Pelletier, President; Mr. M. H. Ward, Director, and Mrs. H. B. MacLeod, F.W.U.A. Director; and the Junior Director, Mr. Pete Berger.

The afternoon session opens at 1.30 p.m. with an address by the Provincial President, Mr. Carl J. Stimpfle. Resolutions from the 50 F.U.A. and F.W.U.A. Locals will be considered which deal with health, education of Indians, rural electricity, license plates, weed problems and marketing legislation.

Mrs. R. B. Gunn, F.W.U.A. Provincial President, will speak to the meeting. An interesting Quiz Programme has been arranged for all attending, based on Farm Organizations. Election of officers for the ensuing year will be during the afternoon.

The convention will adjourn at 6.00 p.m. for the banquet at 7.00 in the Memorial Centre. Mr. O. S. Longman will be the guest speaker and his topic will be his recent trip to I.F.A.P. in Denmark and other Scandinavian Countries.

Miss Odette De Foras is guest soloist.

At 9.00 p.m. the convention will be thrown open to the public for an old time dance, until 1.30 a.m.

Snakes don't hear well. The reason: They've no ear drums.

## New President of U.N. Assembly

Ambassador Nasrollah Entezam of Iran (left) was elected President of the Fifth Regular Session of the United Nations General Assembly, now meeting at Flushing Meadow and Lake Success, N. Y. U.N. Secretary-General Trygve Lie congratulates Mr. Entezam.

## Proper Land Cultivation Beat Grasshopper Menace at Lomond

When the crops are harvested there is a tendency to forget about grasshoppers, but control measures are just as important after harvest as in the spring when the pests are destroying the grain. Control now means that you are applying prevention, says W. Lobay, Supervisor of Crop Protection, and prevention in this case is cheaper and better than cure.

Control at this time means destruction of egg pods. Where grasshoppers were prevalent this year, shallow cultivation immediately after harvest, preferably with a one-way disc, will bring many of the pods to the surface and expose them to desiccation by wind and sun. In areas where both grasshoppers and wheat stem sawfly were present, shallow fall cultivation will also aid in reducing sawfly numbers.

The grasshopper survey is not yet completed but indications are that grasshoppers will again be of economic importance in the southern and southeastern portion of Alberta. A recent survey indicates that the Peace River country may also have localized and spotty infestations at Enilda, Fairher, Eaglesham, Bezanon, and Glen Leslie. Shallow cultivation even at this late date in areas where grasshoppers were numerous will assist materially in reducing the grasshopper population.

If your land is very vulnerable to wind erosion you may want to cultivate this fall. In that case leave your cultivation until early spring, advises Mr. Lobay. Many eggs will still be destroyed by spring cultivation. It is important, however, that the work be done early to allow as long an interval as possible before the regular batch.

Farmers in the Lomond area have proved to themselves this year the real value of cultural control for grasshoppers. Last year the survey indicated a very severe outbreak in this region. Following advice from the Field Crops Branch, farmers shallow-cultivated their fields last fall and early this spring. Almost without exception the primary purpose of cultivation was for grasshopper control. The result—infestation reduced to practically a mild rating. Some of the farmers did not even have to apply poisons. There is real value in cultural control.

## Hansell President Social Credit Assn.

E. G. Hansell of Vulcan, Social Credit Member of Parliament for Macleod, was elected president of the Social Credit Association of Canada at its three day national convention held in Regina last week.

Mr. Hansell will be one of the two titular heads of the Social Credit party and will be the association's authority on organization and administration. Solon

## F.U.A. Local Is Organized Here

Some 16 members joined the F. U. A. local organized in Vulcan, at a public meeting held Monday evening.

Milt Ward, of Arrowood, District Director of District No. 12, was present and addressed the meeting. Mrs. H. C. Douglas, past director of the District, also spoke, and outlined the work and aims of the organization. Claire Dunham and Mrs. Leslie Richardson, sub-directors of No. 12 District, were in attendance and aided in the organizing work.

The meeting was well attended but it was decided to postpone election of officers until the first meeting, which will be held in the near future. Considerable enthusiasm was evident and it is hoped to make this a really active local.

## Legion To Sponsor Armistice Ball

A semi-formal Armistice Ball will be held in the Vulcan Armouries on Friday, Nov. 10, sponsored by the Vulcan Branch of the Canadian Legion. The Armistice Ball will in future be an annual event. Music for the occasion, the first semi-formal public dance held in Vulcan for some years, will be provided by a Lethbridge orchestra.

Remembrance Day services will be held in the Armouries, on Saturday, Nov. 11. Full announcements regarding the Armistice Ball and the Remembrance Day services will be made next week.

## Shower Honors Miss Manning

Mrs. Ethel Willard was hostess at a surprise shower held in the United Church hall last Tuesday evening in honor of Miss Carol Manning.

Games were played and then each guest was requested by the hostess to write out a favorite recipe for the bride-to-be.

The many lovely gifts were brought in by Miss W. Neva Speer, in a remarkably accurate model of a caterpillar tractor. Miss Joan Thorpe presented the gifts to the bride-elect, who was assisted in opening them by her mother and Miss Thorpe.

Miss Manning very suitably thanked all present for their lovely gifts. A delicious cold plate supper was served by Mrs. Willard, assisted by Mrs. Wylie and Mrs. Fischer.

Low, federal member for Peace River, was re-elected national leader, a position he has held since 1944, and will be the political head and spokesman of the party.

## Will Not Meet Operators' Demands

### Foothills School Division Sets Van Rates For Year

At the regular meeting of the Board of Trustees of the Foothills School Division No. 38, held in High River on Oct. 17, a delegation representing van drivers appeared before the Board to discuss the van rates to be in effect during the present school year.

The delegation advised the Board that the offer made at the August 30 meeting was not acceptable to some of the operators. After a prolonged discussion, Chairman T. C. Weidenhamer, on behalf of the Divisional Board, informed the delegation that the Board felt unable to increase the rates over the offer made on August 30 and that as far as the Board was concerned the following schedule of rates would be in effect:

Cars, 22c per mile for first 30 miles and 10c per mile thereafter; 1 1/2 ton Panels, 22c and 13c; 1 ton Panels, 22c and 15c; 1 and 1 1/2 ton with wooden van bodies, 22c and 15c; 1 ton Custom Built with some wood in van bodies, 22c and 19c; 1 ton Custom Built with all metal van bodies, 22c and 20c; Over 1 ton Custom Built, all metal, 30 passenger, 22c and 22c; Over 1 ton Custom Built, all metal, 40 passenger, 25c and 25c.

The Board approved purchase from Hay and Harding Limited, Calgary, of a 1950 Ford 1 1/2 ton all-metal school bus to be used on Van Route No. 57, Okotoks, and driven by Walter Rea, Okotoks.

### Addition to Blackie

Mr. John Stevenson of Stevenson, Cawston and Dewar, Architects, Calgary, interviewed the Board in connection with the proposed addition to the Blackie School and decision was reached to again call for Tenders on December 15th next, it being felt that possibly more interest would be evidenced by Contractors and Builders in bidding on the addition at that time of year.

The Board approved rental of the Masonic Hall basement and the Blackie Armouries for use as Home Economic and classroom purposes.

### Sale of Buildings

It was decided to advertise the old frame school building at present on the Vulcan School grounds for sale by tender.

It was reported to the Board that the Panima S.D. No. 581 S'te had not been sold to Chas. Genek, Okotoks, as decided at the meeting of August 30th, Mr. Genek having decided not to proceed further with the matter.

The Board approved sale of the Big Rock School building to the St. Paul's Anglican Church, Black Diamond, for the sum of \$500.00.

### Name Delegates

Messrs. Weidenhamer, Rhodes and Wedderburn were appointed Official Delegates representing the Division at the Annual Convention of the Alberta School Trustees' Association to be held in Edmonton, on November 7, 8 and 9. The Secretary was also authorized to attend.

### Equip Vulcan Rooms

Superintendent Lavery was delegated to purchase furniture to equip the Principal's room and Teachers' room in the new Vulcan school addition.

### Tuition Agreements

Revised Tuition agreements covering the education of Divisional pupils attending Nanton Consolidated S.D. No. 56 and Turner Valley S.D. No. 1039 were considered and approved by the Board, the Chairman and Secretary given authority to sign same.

### Appoint Teachers

The Board approved appointment of Mrs. M. E. Buckingham to the staff of the Blackie School and Mrs. Kathryn J. Brooks to the staff of the Vulcan School, both appointments effective September 5th, 1950.

### Must Pay Gas Tax

Letter was read from Hon. Ivan Casey, Minister of Education, in reply to letter requesting that school vans be exempted from the payment of gasoline tax, advising that it would not be possible to grant the request made.

Specimen sets of rules for operation of school vans and instructions to van drivers as received from the Department of Education were considered and the Secretary instructed to mimeograph same and send out to all van operators and Principals of Schools.

### Okotoks Alterations

Discussion took place regarding the need for a new fire escape on

the Okotoks Upper School and the Board was advised that the Buildings Branch, Department of Education, would provide a plan for same. The matter was tabled to await receipt of plans.

It was reported to the Board that following inspection of the Okotoks Upper school certain changes were required in the wiring of the building in question and work was proceeding in the basement portion and same should be completed shortly.

### Brant Heating System

The Committee set up to look after the ordering of a heating system for the Brant School reported that same had been awarded to Simpson & Son, Vulcan. Mr. J. H. Rhodes, Trustee for Sub-Division IV, was given full authority to get the Brant job completed at as early a date as possible.

### To Buy Projector

The Board received resolutions from the local Boards of the Ridgeview, Gladys and Pleasant Plains School Districts, requesting expenditure of part of their Trust Funds for the purpose of purchasing a projector and equipment for the Ridgeview school. The Board approved the expenditure requested.

### M.D. Meeting

Invitation was received from the Association of Municipal Districts to attend the Annual Meeting of the Association to be held in the Highwood Memorial Centre on October 24th. The Meeting to be followed by a banquet. The Secretary was instructed to advise that five or six representatives from the Division would be present.

### Annual Meetings

Dates and places for the holding of the annual sub-divisional meetings were set, with local meetings being held at the Reid Hill school on Friday, Nov. 24, and at the Vulcan School auditorium on Saturday, Nov. 25.

Members of the Board present at the meeting were T. C. Weidenhamer, Chairman, H. D. Johnson, J. H. Rhodes, D. S. Wedderburn, J. E. Gillanders, Willard Love and C. E. Fulton, together with the Divisional Superintendent, C. M. Lavery and Secretary-Treasurer, John W. Donald.

## Ladies Auxiliary To Sell Poppies

The regular meeting of the Ladies Auxiliary to the Canadian Legion held Wednesday evening Oct. 18, was well attended. Mrs. J. Hanna was in the chair and conducted the meeting, opening with the new ritual.

The main business dealt with was planning the Poppy campaign for Saturday, November 4th, when members will make an earnest effort to break all former records in the sale of the poppies in aid of disabled veterans. In this connection the meeting was addressed briefly by Comrade Brooks of the Macleod Legion branch, who urged the ladies to go all-out as the need this year is greater than ever.

Final arrangements were discussed for the holding of the Old time dance, Friday of this week, in the Armouries.

A committee was named to buy material and send a Christmas parcel to a family in England.

Considerable correspondence was dealt with including a report from the provincial secretary and president.

Local members who had attended the zone rally at Lethbridge recently reported a very enjoyable time. Lunch was served by Mrs. Wylie and Mrs. Jones.

## The Weather

Clear skies and higher temperatures prevailed Wednesday of this week and a brisk west wind was rapidly drying crops still unharvested.

Canada's fresh-water fish are either bottom or surface feeders, seldom seek food at intermediate levels.

Some taxes are well hidden. For example, the common chicken egg meets 100 different levies before it reaches the breakfast table.

**Visit Empress:** More than 300 travel agents and Canadian Pacific representatives from all parts of Canada and the United States visited the Empress of Scotland at Quebec City to obtain a preview of the facilities which will be available on the ship during her winter cruise program which in-

cludes seven voyages from New York to the West Indies and Caribbean ports. Among those attending from the west were (left to right, front row): C. R. Lancaster, Prince Albert; W. E. McCall, Winnipeg; Stan Byrne, Saskatoon; Ray Powley, Regina; T. J. Colton, Winnipeg; R. E. Rose, Edmonton; W. M. Spark, Calgary; Lyall Mart-

**W. A. KEENAN**

JUST NATURALLY, the car that started first, is the car that's ahead right now in the march of motoring progress! Yes, Oldsmobile brings you the benefits of its extra experience in such revolutionary advancements as Hydra-Matic Drive\*—the pioneer no-shift drive that's finest because it was first in the field, and has been proved and improved through actual billions of miles of driving in the past ten years!

The great new Oldsmobile "Rocket" Engine is another first from the continent's most experienced car maker. Pioneered two years ago, it has already started a major automotive trend toward valve-in-head engines of much higher compression—but the "Rocket" is by far the greatest because it's first, it's backed

by many more years of research, development and perfecting!

And all through every model of the 1950 Oldsmobile "88" and the "76", powered by its improved "Big Six" Engine, there's example after example of Oldsmobile quality leadership... advantages that come to Oldsmobile owners because Oldsmobile, the car that was first in the field of all cars made on this continent today, has the good habit of keeping the lead!

So, go ahead—go years ahead—with an Oldsmobile!

**\*HYDRA-MATIC DRIVE...** The truly automatic drive that outsmodes the clutch pedal entirely! Proved by billions of miles of driving since Oldsmobile pioneered it more than 10 years ago. So simple, so relaxing... such a thrill! Standard equipment on Rocket-Powered Olds "88", optional at extra cost on "76" 6-cylinder models.

**IF YOU ARE IN DOUBT  
ABOUT PASSING...**

Passing another car is a manoeuvre that requires the good drivers' full concentration. Do not attempt to pass unless you have visibility of the road ahead and no traffic is approaching. Allow plenty of room to pull out, pass, and return again to the proper lane. Cutting in too sharply may doom both yourself and the driver you have passed.

## Champion

(Continued from Page 4)

Mrs. Albert Orcutt returned home Saturday, from Calgary where she has been for the past ten days during which time she spent a few days in the hospital.

Mr. and Mrs. Mathew Decker and family, formerly of South Fork, Sask., arrived recently and have taken up residence in the C. P.R. section house. Mr. Decker is the new permanent section foreman succeeding Mr. W. Sparks who was transferred to Vulcan. The relief foreman, Brian Kubiak is relieving at another point on the line.

Mrs. Wayne Anderson entertained twelve teen-age guests at her home, Friday evening, in honor of her twin son and daughter, Betty and Buddy, who were celebrating their fourteenth birthday anniversary. Games and contests were played until time, for the usual big spread to be served. Naturally, the very large, beautifully decorated birthday cake was the highlight of the party.

Mrs. J. D. Swift was a recent weekend business visitor to Red Deer.

A very gratifying letter has been received from Mrs. Roy Hummon of Klamath Falls, Oregon, formerly of Champion, expressing her pleasure in receiving the "Advocate" with news of their former neighbors and many friends which is like a weekly visit. Mrs. Hummon kindly contributed her favorite, "fool proof", Christmas cake recipe for our page, which is published in this issue, and remarks she is enjoying the Champion Home-Maker's recipes very much. Thank you, Mrs. Hummon.

Mr. and Mrs. Douglas Dow and George Smith were visitors to Lethbridge on Saturday.

W. A. Keenan and Kenneth Wiegwitz spent Wednesday of last week at Pincher Creek on a business trip.

A full class of ten adults have registered for the Monday evening "shop" classes which are held in the workroom at the school. Class commenced Oct. 16 under the personal supervision of Harold R. Gilbert, shop teacher, and sponsored by the Department of Education. It is the third year the adult class has been in operation here, with ladies being in the majority. The work turned out is very expertly done and such articles as full length built in cupboards, twin bunk beds, cedar chests, desks etc. are truly a work of art. Each participant pays a small fee for the use of the tools and the teacher's time and the Department contributes the same amount to further the interest; naturally, each person pays for material used. It has proved to be a very interesting, as well as beneficial, hobby to all who have attended.

(Missed from last week)

Among the Championites who celebrated wedding anniversaries recently are Mr. and Mrs. George Smith who celebrated their tenth on October 12th; Mr. and Mrs. Wilson A. Keenan their fifteenth on October 6th; and Mr. and Mrs. Harry E. Smith their twenty-third on October 5th. If there are others please let us know.

Mr. and Mrs. Frank Caldwell spent a few days in Browning, Montana, visiting with Mr. Caldwell's sister, Mrs. Fred Starr.

Miss Ruth Marsh of Hanna has been a house guest at the home of Mr. and Mrs. B. Leback.

Mr. and Mrs. A. F. Rupp and small son Jimmie visited Mrs. Rupp's parents, Mr. and Mrs. P. Gatenby, at Woodhouse last week.

Friends will be pleased to hear that Mr. A. Lyons has returned home after being a patient in the Vulcan Hospital for the past few weeks. Mr. Lyons is much improved in health.

Mrs. M. Jones and Miss Caroline Howg attended the wedding of Miss Betty-Lou Howg and Kenneth Kingsmith at Calgary, Saturday, Oct. 14. The bride is a sister of Mrs. Jones and a cousin of Miss Howg.

Miss Mildred Johnson of Vauxhall who has spent some time at the home of Mr. and Mrs. Jack Steeves, returned to her home recently. Later, Miss Johnson will attend Bible School at Pamburn, Sask.

Mr. and Mrs. A. Ruggles, accompanied by Miss June Steeves, are on a motor trip to points in northern Alberta where they will visit relatives and friends.

Mr. and Mrs. Pat Mooney and family of Banff were recent guest at the home of Mr. and Mrs. E. Nowlin. Mrs. Mooney is a sister of Mr. Nowlin.

O. E. S. Silver Tea

The silver tea and home baking sale, in aid of the "Home Fund" of the Order of The Eastern Star, under the convenerhip of Mrs. P. Dawson and Mrs. G. Voisey, held at the home of the former Saturday afternoon, Oct. 21, was very well attended. Mrs. Dawson assisted by Mrs. Wayne Anderson, Worthy Matron of Champion Chapter, received the guests. Mrs. L. W. C. Lackey was in charge of serving the dainty lunch and was

assisted by several other members. Mrs. Adam Ferguson and Mrs. R. A. Clements shared honors of the urns at a beautifully appointed table spread with a lace cloth and centered with white and deep wine-hued spray mums in a silver container flanked by lighted tapers.

The attractively arranged home baking table was convayed by Mrs. Clyde Coe and Mrs. Oscar Hagg. The event proved very successful.

W. I. Meeting

A good attendance of members and visitors were present at the monthly meeting of the Champion W.I. which was held Thursday afternoon Oct. 19, at the home of Mrs. L. W. C. Lackey. The president, Mrs. F. Little presided.

Mrs. A. J. Maisey of Kirkcaldy, Constituency Convener, and Mrs. Wayne Anderson, Supervisor of the Kirkcaldy Girls Club, were present and contributed valuable information regarding the formation, direction and activities of girls clubs, a project in which the local branch is very much interested in sponsoring. There will be a meeting Saturday afternoon, Oct. 28, at the home of Mrs. E. Knudtson, all girls over six years of age who are interested are cordially invited to attend.

A report was given on the areas canvassed regarding owners of cattle who are interested in having their stock tested for T.B. and Bangs disease. The committee consists of Mrs. R. Macleod, Mrs. C. G. Miller, Mrs. H. C. Jopling and Mrs. E. Rhodes assisted by Mrs. T. P. Carlson.

The By-Laws were revised, bringing them up to a more satisfactory standard.

The members will sell poppies for Remembrance Day again this year for the benefit of war veterans, through the Vulcan Legion. Mrs. Macleod and Mrs. Lackey were appointed as conveners.

Mrs. Maisey won the raffle gift, donated by Mrs. Jopling.

The busy afternoon was brought to a close with the serving of delicious refreshments by the hostesses assisted by Mrs. M. Sisson.

"I'm just on my way to the bank"

He is just one of the hundreds who during the day will drop into the branch bank around the corner.

Savings depositors with their pay cheques... retail merchants with the day's cash... people consulting the manager about loans, others cashing cheques... it is all part of the daily work of the branch bank.

In ten years the number of accounts maintained by bank depositors has grown from 5,000,000 to 8,000,000.

This shows how Canadians have come to count on their local banks for a great variety of services. The banks keep pace with the growing needs of the nation.
